Word from the President

We continue to stay busy with testing a variety of new technologies and continuing to run the EPA ENERGY STAR Data Center Storage power efficiency testing. You can get a glimpse into some of the things we're testing and some of the futures of storage networking and energy efficiency testing by looking at our recent DSI presentations, mentioned above.

We invite you to join us giving back to the community by sponsoring team Demartek in Jodi's Ovarian Cancer Run in June. It will be a great event for a great cause!
