[Demartek Comments on Government Grants Phone Scam](#)

All-to-often we receive calls that are malicious in nature. No matter how many times we say "no", hangup, or ask to be removed from call logs, the times we are contact for potential scam attempts never seems to wane. Recently we were contacted in a government grants phone scam and have detailed it [here](#). Curious about other ways your private information can be compromised? Check out our [Identity Theft Prevention](#) document to keep yourself informed and protected.

Demartek Lab Notes – August 2017

[Demartek Presents at Flash Memory Summit 2017](#)

Dennis Martin, Demartek President, gave one main session and sat on two panel sessions at the Flash Memory Summit 2017. He gave several examples of storage performance using flash memory, discussed 24G SAS and gave the **Demartek NVMe-oF Rules of Thumb** for throughput in a storage target. These presentations are available on the [Demartek Flash Memory Summit 2017 page](#).

Top Ten

We list the top ten most popular pages and reports for the last four weeks, updating every Monday morning. Here's how it looked on [demartek.com](#) on August 14th.

1. [Demartek Presents Robocopy at March 2011 RMWTUG Meeting](#)
2. [Demartek Storage Networking Interface Comparison](#)
3. [Demartek Evaluation: Dell EMC XC430 Xpress Hyper-Converged Solution](#)
4. [Demartek Evaluation: Seagate TurboBoost Enhanced Cache HDDs](#)
5. [Demartek Presents at Flash Memory Summit 2017](#)
6. [Accelerating Database Workloads Using HPE MSA Storage with Built-In Flash](#)
7. [Demartek - About Us](#)
8. [Improving SQL Server Database Performance with HPE MSA 2040 Storage Flash Upgrades](#)
9. [Demartek Comments on Government Grants Phone Scam](#)
10. [Demartek Comments on 16GFC Backward Compatibility](#)

Be sure to check back every Monday to see which reports have made the Top Ten List. The [current top ten list](#) can also be viewed on the Demartek website.

Word from the President

We enjoyed seeing many of you at the Flash Memory Summit 2017. As you may have heard by now, there was a small fire in the exhibit area that prevented the exhibits from opening. However, we had many good discussions about flash memory and other non-volatile memory technologies, and look forward to testing these and discussing the results in the near future.

Dennis Martin
Demartek President
